

SECRETARY HAY'S BODY LIES IN STATE

Remains Repose In Cleveland
Chamber of Commerce.

CASKET COVERED WITH FLOWERS

The Funeral Will Occur at the Lake View Cemetery—Few People Were at Depot When Train Bearing the Corpses Reached the City.

Cleveland, O., July 4.—Covered with palms and wreaths of roses and blossoms of sweet peas, the casket containing the body of John Hay was at 11 o'clock this morning placed in the auditorium of the chamber of commerce where it will remain under military guard until tomorrow morning, when it will be taken to Wade Chapel in Lake View cemetery for the last service.

The train which brought the body of Mr. Hay to Cleveland was the Lake Shore Limited, due in this city at 6:55 o'clock. At the little suburb of Glenville, 5 miles from this city, where Samuel Mather, a brother-in-law of Mrs. Hay resides, a short stop was made, and the funeral car, together with the car in which the members of the Hay family traveled were detached from the train and placed upon a siding. There was nobody at the station when the train arrived, save two or three railway employees and a few newspaper men. Two automobiles were waiting the arrival of the party and no time was lost in departing for the residence of Mr. Mather.

The car remained at Glenville until 10 o'clock, when, in charge of officials of the Lake Shore road and unaccompanied by any members of the Hay family, it was run down to the union depot in this city.

Awaiting the arrival of the funeral train in the depot were the members of the committee appointed at last night's meeting in the chamber of commerce and drawn up outside the depot was a restless line of cavalry. Cleveland's famous troop A, under the command of Captain Schofield, who will act as military escort throughout the funeral ceremonies.

Four regiments of the troop, together with Corporals Purdue and Reidler and Lieutenant Miller, of troop A, carried the casket out to the street, where the remainder of the troop was standing at "present arms."

The non-commissioned officers quickly bore the casket and placed it in the funeral car. The cavalry at once wheeled into column in advance of the hearse and as soon as the members of the committee had taken their places in the carriages, the line of march was taken up for the chamber of commerce.

BAD NEGRO KILLS THREE.

Four Others Are Wounded—Jealousy Is the Supposed Cause.

Americus, Ga., July 4.—A wholesale shooting affray occurred near Americus resulting in the killing of three negro women and the shooting of four others. A negro named Hicks did all the shooting, killing his wife, his mother-in-law and another woman ere his thirst for blood was quenched.

Hicks and his wife had been separated some time. Early this morning he went armed to the house of her parents, expecting to find her there, but learned upon arrival that she was 1 mile away on another plantation. Without ceremony or explanation Hicks raised his shotgun and killed his mother in law in her tracks. Hicks then compelled the dead woman's husband, at the point of the gun, to secure a team and carry him to where his wife was staying. Upon arrival there an hour later, Hicks shot his wife dead and then shot the old man, her father, wounding him mortally.

Hicks then shot promiscuously until four other negroes had fallen, making a total of seven victims. Coffins for three were sent from Americus and little hope is entertained for the recovery of the remaining four victims.

Sheriff Bell and Deputy Sheriff Gatewood have been at the scene all day trying to capture Hicks, who fled and at this hour the officers have not returned.

The wholesale killing occurred near Leslie, 1 mile east of Americus, and caused great excitement there.

COTTON ADVANCES OVER \$5.00 A BALE

Government Report Sends The
Fleecy Staple Upwards.

JUMPS UP ONE HUNDRED POINTS

Excitement on Floor of New Orleans and New York Exchanges Was Intense—Bulls Completely Control the Situation.

Washington, July 4.—The monthly report of the chief of the bureau of statistics of the department of agriculture will show the average condition of cotton on June 25, to have been 77, as compared with 77.2 on May 25, 1905; 88 on June 25, 1904; 77.1 at the corresponding date in 1903, and a ten-year average of 84.6.

New Orleans Market.

New Orleans, July 4.—Cotton here today took another bound upward on the reading of the government report. A dense crowd packed the ring in anticipation of the report and there was a throng in the galleries. The report showing conditions to be 77.2 less than for June was extraordinarily bullish and cotton in the active positions almost instantly rose 100 points or a cent a pound. Subsequently there was some reaction of profit taking.

The expectations here was that the report would be bullish and when the expectations realized the bulls drove the market upward with all their might. There has been one July report lower than this in 1900, when 10,383,422 bales off of an average of 25,421,000 were raised and the knowledge of this fact gave strength to the bull campaign. The market opened with light trading and there was a tendency downward. When the report was read October stood at 9.54. The first purchases thereafter were at 10:15 and a minute later October was bought readily at 10:50. The range on October during 30 minutes after 11 o'clock was 104 points or \$5.20 a bale. Profit-taking followed and October went down to 10:12, but subsequently bounded back to 10:33. Just before noon October was at 10:25; December 10:29 and January at 10:33.

New York Market.

New York, July 4.—Following the publication of the government crop report there was an excited advance in the New York cotton market, the October option rising from 9.48 to 10.50 or more than a cent a pound.

ORDERED TO SURRENDER.

Mutineers Must Leave Boat or Battle ships Will Use Force.

Bucharest, July 4.—The port authorities at Kuentenji, Roumania, have been instructed to call up the 750 mutineers who are on board the Kniaz Potemkine to land from that vessel without arms, informing them that they would be treated as foreign deserters while in Roumania.

In the event of the refusal of the mutineers to submit to these conditions, Roumanian warships were ordered to use force.

There is much excitement on board the Russian battleship Kniaz Potemkine, where differences of opinion between the leaders, some of whom advocate landing in Roumania, while others are proposing to return to Russia and joining the other mutinous ships. The prefect of Kustenji permitted a delegation of the mutineers to enter the town and purchase provisions. The sailors report that the Black Sea fleet not only did not try to capture the Kniaz Potemkine but that the crews openly rejoiced when the rebel battleship left Odessa.

The crew of the Russian gunboat Pseonape now at Kustenji met some of the crew of the Kniaz Potemkine ashore and fraternized with them, the sailors embracing one another. The Kniaz Potemkine is accompanied by a Russian torpedo boat.

Traffic Delayed by Heavy Rains.

Denver, Colo., July 4.—The eastern railroads entering Denver are experiencing the most serious delay to traffic that has occurred on their lines in several years. All of the eastern roads were unable to get their trains into Denver on time Sunday and those leaving the city had to go so slowly that they will be late in arriving at their destinations. The trouble is caused by the celebrated rains in New York and Kansas. The Burlington and Missouri Pacific tracks washed out in several places and the Union Pacific and Santa Fe roads are also suffering from the same cause. The trains are expected to be back in Denver tomorrow.

"NATIONAL DEGENERACY."

The Universal Greed for Gold Is Undermining Our Nation.

New York, July 4.—Rev. Dr. G. Wyllie, preached last night on "National Degeneracy," in the Scotch Presbyterian church, and said:

"Greed for gold is almost universal in America. To use an offensive term, 'graft' seems everywhere. This craze for wealth leads to cheating, stealing, lying and many immoral features in business life. Here in New York men have tarnished their names by the manner in which they have dealt with the trust funds of a great institution. Men well known, respected, high in commercial and social station, have taken fire into their hands and it has burned them to the quick. We have had an exhibition of 'high finance' pushed to the limit. We need to imitate the municipal authorities of Glasgow in the bank scandal where directors of high standing were sent behind prison bars. The trial and conviction of guilty men who have not scrupled to restore confidence in the majesty of law; for law ought to deal in the same manner with the rich and poor.

"Even at the risk of being called 'sensational' I affirm from this Christian pulpit that the president of the United States in his dealings with grasping corporations, and ex-President of the United States in his dealings with grasping corporations, and ex-President Cleveland, Paul Morton, state superintendent of insurance, Mr. Hendricks, Attorney General Meyer and District Attorney Jerome have the opportunity of their lives to serve hundreds of thousands of their fellow citizens by righting a great wrong.
